OTHER

Search & Rescue/Ignite Holiday Clubs: data protection
 At registration we take the name, address, age and parent/ guardian mobile/tel and 'other' details so we can:

- Contact parents/guardian in the event of a problem
- Know who is at the holiday club so we can run the club safely and efficiently
- Tell the parent/guardian about future holiday clubs and similar activities
- We take some photos of the children to show the activities to parents at the Thursday Family Fun event.
